

Tournaments

Document created for the 2026-27 season
by your Match Committee

Green allocation: When only one green is need for an event, then the best playing surface will be selected. Currently the match committee believes this is the Tiger Turf but will assess both greens closer to each event. Assessment will be judged by the match committee and guided by speed, trueness and playing comfort.

Triples format.

Summer; 4 games of 12 ends
Winter; 3 games of 10 ends

In the event the days weather conditions is unpredictable the event controller may reduce the amount of ends per game, at any stage during the day. If play is suspended, the controller can decide that games will continue once conditions improve or declared the games are finished if 6 ends have been played and declared. Once players are called off the green, don't clear the head so the end doesn't have to be restarted if play resumes

After first incorrect delivery of jack/kitty, the skip can place it anywhere between 23m and 2m marks with the lead can place the mat anywhere as long as it is 23m or more from the jack/kitty.

A kill is placed on the 2m mark.

For Triple tournaments:

- Summer - Morning tea will be provided before the start of play. First two games are played back to back before lunch and again both afternoon games are played back to back. Afternoon tea is provided before announcements and prize giving.
- Winter - Morning tea will be provided before the start of play. Lunch is after the first game and both afternoon games are played back to back. Afternoon tea is provided before announcements and prize giving.

For non Triple events, the days playing format will be advertised for each specific event.
